Legal Name: David Vincent

Preferred Name: Abrisham Vincent

A critical thinker and collaborator who guided by scientific techniques and ethics is open to assist others in complex problems. Pursuit of science and ethics arising from a strong motivation for continual learning and improvement, consequently adapting this passion to assist others with their own policies and procedures to improve not only efficiency, but unlock innovative capacity.

## Work Experience

**Global GreenTag International Pty Ltd, Remote**

**Jun. 2022 - Present**

*Green Building Sustainability Product Assessor, Audit Assessment Team*

Quickly recognises the nuances of compliance standards for the green building industry and upholds procedures using internal, national and international sustainability standards and legislation. Additionally, has improved procedures in rating tool credit compliance (ISC, GBCA, GBCSA, GBCNZ, USGBC, WELL, BREEAM and EarthCheck), evidence collection and audit communication.

**UN Sustainable Development Solutions Network, Remote**

**Mar. 2023 - Present**

*Local Pathways Fellow*

Undertaking research on trauma, empathy, regeneration within public spaces using the guiding Sustainable Development Goal Target 11.7 to understand and educate more deeply policy and planning on universal access to safe, inclusive and accessible, green and public spaces.

## Education

**B.Sc. Environmental Science, Southern Cross University**

**2023 Graduate**

*Major in Environmental Resource Management*

Developed reflective skills and established capacity to define, describe and apply scientific principles and methodologies to deconstruct evidence-based arguments, debate their validity and integrate them into hypotheses for research. Regularly attended academic board meetings and student/staff meetings as an active participant in the university's strategic development discussions.

## Certificates, Qualifications and Licenses

### **Lead Auditor Environmental Management Systems**

*Exemplar Global Competency for ISO 19011:2018 and ISO 14001:2015.*

### **LGDM201x: The Science and Practice of Sustainable Development**

*University Queensland UQx Advanced Level Social Science Course mark of 92%*

## Scholarships

### **Rural and Regional Enterprise Scholarship**

### **Macquarie Bank edX Scholarship**

## Skills & Interests

Engaging in many different interests which synergise the scientific with the artistic, because science without the creative energy of art is like oxygen without life.

Consequently, I practice fundamental statistics along and Python programming alongside Persian language learning, jazz and classical clarinet.

In addition to personal learning, I volunteer within community groups and regularly donate to local and international charities. Most of my volunteer time is given to tree planting through Landcare/Bushcare groups. However, I also have an interest in disaster operations having previously volunteered with Disaster Relief Australia after the Lismore floods.

## Publications and Presentations

### **Venetian Letter**

[\*Therapeutic Design: Living by Ethics to Build Better Buildings\*](#)

### **AIAS CRIT**

*Thematic Analysis of 'Build Back Better' Submissions of Flood Affected Residents in a Regional Town using SDG 11 as a Framework*

## Committees & Related Memberships

### **Southern Cross University, Academic Experience Committee**

**Aug.2021 – Aug. 2022**

Appointed Student Representative during a competitive process and worked closely with key executives on student academic experience at the university. Provided timely advice during the drafting of the Student Academic Excellence policy, subsequently given commendation by the vice chancellor for the policy. Contributed positively towards innovative approaches to improve student academic experience through submission of a comprehensive plan for approval, planning and construction of a Makerspace.

**Free Software Foundation, Associate Member**

**Nov.2022 - Current**
